Acehood Might Just be Godhood

don't get me wrong I'd like to be a little sexy in looks not in practice that sounds awful can you even imagine? but let's admit the truth it's all a joke why do you even want to fuck them you saw them for all of two minutes and now you're flushed that's fake isn't it

isn't it? maybe I'm broken if it's not all some sham created by capitalism then I am the sham created by who? oh no I am my own obstacle in my prospective romances who wants someone

who doesn't even have all the right wiring

nvm i've cracked it i'm a god think about it

i must be shaped by what made our deities and now i am better than everyone else clearly there is nothing broken

only better

who wants sex when there's a new show to watch sexual attraction is not a joke but it is a reality I have shunned and that is why I am a god
