

# THE COFFEE DATE

*StarryAsh Gaming*

Person 1 = Micah (He/Him and They/Them)

Person 2 = Kai (They/Them)

Choffee = Shots of espresso blended with chocolate with foam on top

Kai walks into the coffee shop and looks around. After a beat, they catch sight of the blond they are supposed to be meeting and slowly walk towards the table in the back of the shop, sitting down opposite him.

Micah lifts his head up at the noise and smiles when he sees them. “Ah, hello Kai.”

“Hi Micah, how are you?”

“Pretty good. My moms made me wear this outfit, sorry if I seem a bit overdressed,” Micah says with a chuckle. Kai takes a glance at Micah's outfit. He's wearing brown baggy fit jeans with a chain hanging from the side, a black shirt and a blue denim jacket with a pin saying “He/they” on it to Kai's right. The outfit suited him really well.

“Nah it's fine, it looks amazing.” Micah smiles gratefully at Kai's compliment and hands them a little menu.

“So, what'll you be getting?” He asks curiously.

Kai looks down at the menu, thinking about what they should get. After some time to make a decision, Kai looks back up at Micah and mutters, “I think I'll get the chai tea.”

“Oooh nice choice. I’ll go order if you want. Micah stands up from their seat.  
“Any dietary restrictions?”

“Sure. Normal milk for me, thanks,” Kai replies.

“Okay cool, I’ll be right back.” Micah smiles as he goes to order and comes back shortly after.

“Sooo, what did you order?” Kai asks as Micah sits back down in his seat.

“Choffee with almond milk. I’m lactose intolerant so I can’t have cow’s milk.”

Kai gasps suddenly, “Choffee!? You’ve got to let me try some!”

Micah laughs a bit at Kai’s excitement. “Sure. Once it comes.”

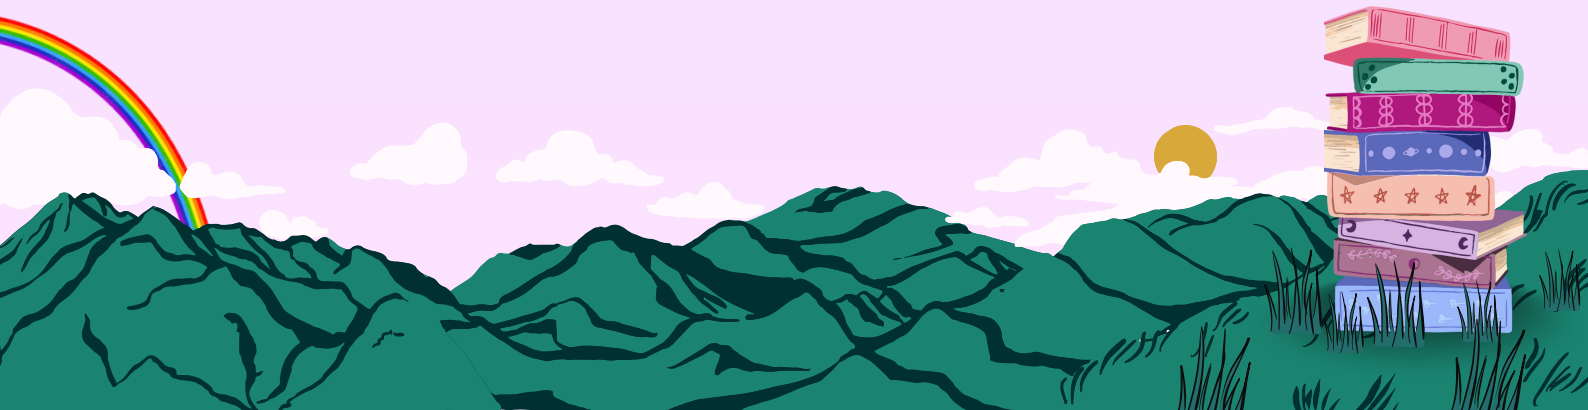

“Score!”

They both laugh a bit and fall into a comfortable silence that is quickly ended.

“Oh, by the way,” Kai breaks the silence as they remember a question they’ve been wanting to ask for a while. “I remember you saying to Liv the other day that you’re genderfaun. I’ve never heard of it, and I wanted to know if you’d tell me a little about it.”

“Is someone stalking me?” Micah playfully raises an eyebrow and snickers.

“Pfft no! No no, I just- I was... walking by, and heard you talking about it and I was curious,” A flustered Kai struggles to get their words out as their face warms up.

Micah laughs at Kai's flustered response. "I'm just kidding. I'd love to elaborate. So basically, genderfaun is like genderfluid in the fact that I feel different genders at different times, but I just never feel feminine genders."

"Huh, that's easier to understand than I thought it was. Thanks for clarifying with me."

"Of course! If we're going to go on more dates, I should definitely explain how my gender works," Micah says with a sly grin and winks.

Kai freezes, their cheeks reddening to an unhealthy, flustered hue.

"More... dates? Really?" Kai squeaks only a little embarrassingly, something they will most likely regret in the next few minutes.

Micah smirks. "Well yeah, from what I've seen at work, and here talking with you, I think a relationship would be amazing. If you're alright with it, of course."

"Are you... Asking to date me? Cuz if so, then yes! Definitely!"

"Sure am. And it sounds like someone's not opposed in the least," Micah laughs softly.

"Sorry," Kai says quietly. "I've just... really liked you for a long time, and this date itself felt like a miracle. I'd love to date you, Micah."
