

# TWO BI'S FOREVER

## BELLA

“Fred, why are you crying? Are you ok?” I asked. He sniffed and said, “No, I’m not okay. I told my friends I was bisexual but still liked girls more, and they all started making really mean, homophobic jokes”. I looked at him, then I looked at his friends, then I gave him a comforting hug.”

“Was it all of them or one in particular?” I asked. Fred looked at me and replied, “It was mostly Dom.”

“Okay”, I said as I stood up and walked up to Dom.

“Oi, Dom!” I said. He didn’t turn around so I grabbed the front of his shirt “Whoa, damn Bella what’s wrong, why are you grabbing my shirt?”

I replied “Because my bisexual friend told you and his friends something that was VERY hard for him and like the homophobic meat-balls you are you and your friends just made jokes about him”.

I then let go of his shirt, shoved him away, grabbed Fred by the arm and walked away. Fred was staring at me, awestruck. “If the idiot such as Dom bullies you again, tell me and I’ll punch him in the face” I said, but got no reply. Fred just turned me around and kissed me. He then pulled away and asked me if I would be his bi girlfriend. I said yes.
